DETAILED ACTION

Applicant's election, of "the specie relating to polyamines having a piperidine group", in the response filed on July 6, 2007 is acknowledged and has been entered. However, the timely submission under 37 CFR 1.129(a) filed on July 6, 2007 is not fully responsive to the prior Office actions because Applicant failed to include an election of the invention to be examined as outlined on page 2 (1st full paragraph, last line) of the Office Action mailed April 2, 2007.

Applicant is advised that in order for the reply to this requirement to be complete, Applicant must include an election of the invention (e.g., species) to be examined even though the requirement is traversed. (See 37 CFR 1.143). Here, Applicant only stated "the specie relating to polyamines having a piperidine group", and did not include an election of the invention. Thus, in order for the reply to this requirement to be complete, Applicant must include an election of the invention (e.g., species) to be examined.

Since the submission appears to be a **bona fide** attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a). If a notice of appeal and the fee set forth in 37 CFR 1.17(e) were filed prior to or with the payment of the fee set forth in 37 CFR 1.17(r), the payment of the fee

Art Unit: 1624

set forth in 37 CFR 1.17(r) by applicant is construed as a request to dismiss the appeal and to continue prosecution under 37 CFR 1.129(a). The appeal stands dismissed.
